- Dedicated to ongoing professional **development** and excited to apply my **skills** within a dynamic IT environment.

Academic Projects

Tour & Travel Website   May 2024 – June 2024
Tools: HTML, CSS, JavaScript

A dynamic website for booking tours and travel packages, providing users with detailed itineraries, booking options, and travel guides.

Responsibilities:
- Designed and developed the user interface using HTML and CSS, ensuring a responsive and visually appealing design across various devices.
- Implemented JavaScript features, boosting user engagement by 40%.
- Optimized the website for performance, achieving an average load time of 1.5 sec.
- Project Link: Travel Website

Personal Portfolio Website   April 2024 – May 2024
Tools: HTML, CSS, JavaScript

A personal portfolio website to showcase projects, skills, and professional experience, providing an online presence and contact platform.

Responsibilities:
- Designed a responsive layout using HTML and CSS, compatible with over 20 screen sizes.
- Optimized images to achieve an average page load time of 1.8 seconds.
- Implemented a contact form with JavaScript validation, increasing form submission by 20%.
- Project Link: Personal Portfolio Website

API Integrated Dictionary App   March 2022 – April 2024
Tools: HTML, CSS, JavaScript, APIs

A dictionary application that integrates with an external API to provide word definitions, synonyms, and examples.

Responsibilities:
- Developed a user-friendly interface using HTML and CSS, compatible with 98% of devices.
- Implemented API integration with JavaScript, reducing response time to 1.2 sec.
- Enhanced search functionality, reducing search times by 40%.
- Project Link: API Integrated Dictionary App

Academic Achievements

- Secured the 3rd rank in Class 10 at Narayana Public School and 2nd rank in Class 12 at St. R.V. Convent School.
- Ranked among the top 10 students in my graduating class during undergraduate studies.
